

# PHYSICIANS' TOOLKIT FOR READY READERS FEEDBACK SURVEY

We appreciate your participation in the Nemours BrightStart! Physicians' Toolkit for Ready Readers pilot program. At the end of the six-week pilot test, we ask that you take a moment to fill out this brief survey regarding your experience using the toolkit and resources. You may fax your completed survey to **(904) 858-3172** or go to [www.nemours.org/survey/s?s=ReadyReaders](http://www.nemours.org/survey/s?s=ReadyReaders) and complete the survey online.

## INSTRUCTIONS

Please read each question and place a check mark (✓) for each response.

1. Have you used the Nemours BrightStart! Physicians' Toolkit for Ready Readers in your practice?  
 Yes  No
2. Were the tools easy to integrate into your well-child visits with four-year-olds and their parents?  
 Yes  No
3. Do you feel that these tools are relevant for the purpose of identifying preschool-age children at risk for dyslexia or other barriers to reading?  Yes  No
4. Did these tools overlap with any developmental screens you currently employ?  Yes  No
5. With how many well-child visits for preschool-age children did you use the toolkit materials?  
 0-5  6-15  More than 15
6. How many preschool-age children did you identify as being at risk for dyslexia or other barriers to reading readiness through the use of the toolkit?  
 0-5  6-15  More than 15
7. Did you provide referrals/additional resources to the parents of the children you identified in question six?  
 Yes  No
8. Have you followed up with the parents of the patients you identified in question six?  
 Yes  No
9. Do you find that using the tools contained within the toolkit *increased* or *decreased* the amount of time you spent with patients and families?  Increased  Decreased  Stayed the same
10. What was the overall impression you received from the patient families regarding the use of the tools?  
 Good  Bad  Indifferent
11. Would you recommend this toolkit to other physicians to assist in identifying children at risk for dyslexia or other barriers to reading readiness?  Yes  No  Maybe

(Questions continue on back)

## PHYSICIANS' TOOLKIT FOR READY READERS FEEDBACK SURVEY *(continued)*

---

12. Please provide any anecdotes or comments regarding your use of the Nemours BrightStart! Physicians' Toolkit for Ready Readers:

---

13. Please provide suggestions for other toolkit materials that would be helpful:

---

14. May we contact you to follow up on your answers to these survey questions?  Yes  No  
If yes, please provide preferred contact information:

**Included in your Toolkit is a separate, brief Reading Screener developed by Dr. Eric Tridas. This screener is designed to assess dyslexia risk through focused history questions and direct testing of critical early reading skills.**

**This screener should only be administered to children who: have completed pre-kindergarten; are rising/current kindergartners; or are rising/current first-graders.**

---

1. How many times have you used the Reading Screener?  0-5  6-15  More than 15

---

2. Was this screening measure easy to administer and score?  Yes  No

---

3. Did this measure help you counsel parents about their child's reading development?  Yes  No

---

4. Would you recommend this screening measure to other physicians?  Yes  No

**Thank you for your participation!**

**We appreciate your participation in the pilot program and completion of this survey.**

**Your feedback is extremely valuable as we continue to refine the program.**

**For more information, please call Kathy Ingram at (904) 858-3118 or visit [www.nemours.org/brightstart](http://www.nemours.org/brightstart).**
